

Radiology Affiliates Imaging (RAI) is a 40+ radiologist practice serving our patients, community and clients for over 50 years. RAI is one of the largest, most stable and respected radiology practices in the region. We provide services to eight regional hospitals across four health systems and three imaging centers in the Philadelphia area, central New Jersey, northern Delaware and Scranton, PA. RAI physicians are board certified with subspecialties in women's imaging, neuroradiology, musculoskeletal radiology, body imaging and pediatric radiology.
